PROFESSIONAL 3 IN 1 LED STICK

SABER3+SA3-B

The Falcon Eyes SABER-3 is a 3-in-1 LED stick light which gives you a lightweight illumination in LED stick & LED ring style, as well as a portable battery charger of 4600mAh for your phone or camera.

The SABER 3 is designed with a very lightweight housing of only 0.602kg (with SA3-B power supply), it is developed with 88pcs of LED which generates a power of 15W with a working time of 1.5 hrs in maximum power. With the help of the rotatable filter, it gives you both warm light 3200k and daylight 5600k.

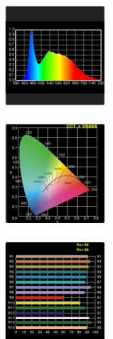

DVR-112V+SA3-B

The interesting feature about the SA3-B portable power supply is that it could also work with the DVR-112V ring light to give you a shadow free macro-experience, it weights only 0.52kg (with SA3-B power supply). Another useful feature of SA3-B is that it is a portable battery pack for charging your phone or camera with the help of the included accessories and cable.

LP-2408V

PATENT PRODUCT!

LP-5408V (400W), LP-6609V (600W), LP-14408V (1000W)

LP-2408V is Falcon Eyes newest cinema flood LED light. It is equipped with metal housing and high efficient radiating plate which allow the fixture work in safe temperature (40° -50°) without the need of cooling fan. LP-2408V can generate more than 20000 LUX in 1 meter at CCT 5000K.

LP-2408V is very suitable to work as area fill lighting.

LP-363V

The LP-363V LED Par light features a rugged cast aluminium water resistant housing which is suitable for all types of applications. It comes with 36W RGB LED in order to create tons of different color temperatures. The LP-363V is DMX controllable with through the back panel 4-digits display with 7 channels of light effects adjustment. With a low working temperature and low power consumption it gives you an estimated lifespan of 50000+ hours, it is no doubt to be your best LED partner.

Model	LP-363V
Power	36W RGB(12x1W Red,12x1W Green, 12x1W,12x1W Blue)
Voltage	AC 110V-130V/200V-250V, 50Hz-60Hz
RGB Control	(0-100% strobe,0-100% dimmer via DMX mode)
DMX-512	7 Channels
Lifespan	50000+hours
Working temperature	0°C-40°C
Water resistant level	Ip65

TRIPLE POWER CONICAL SNOOT

LPSA-BOT

The new LPSA-BOT conical snoot is mainly designed for LED lighting, it could dramatically increase the exposure value (EV) of about 3 times more than its original (when zoomed), which could be a good help during all types of video filming and photo shooting. It's designed with the concept of snoot for producing concentrated light projection.

SGA-BOS

The SGA-BOS light extender is designed for all speedlites, it can be connected through the Falcon Eyes CA-SGU universal adaptor. It could dramatically increase the exposure value (EV) of about 2 times more than its original, which could be a good help during the photo shooting.
